PROFESSIONAL SUMMARY

High-performing MCA student (CGPA: 9.39) with strong expertise in AI/ML and Full Stack Development. Developed a CNN based Diabetic Retinopathy Detection system achieving 92% accuracy and an Emotion Detection AI model. Experienced in building scalable web applications and deploying ML models. Proven leadership as a Frontend Team Lead, with strong problem solving, analytical, and collaboration skills.

TECHNICAL SKILLS

Programming: Python, Java, JavaScript, SQL

Web & Frameworks: HTML5, CSS3, Flask, REST APIs, React, Spring Boot

Databases: MySQL, SQL Queries, Database Design & Optimization

AI/ML: TensorFlow, PyTorch, Scikit-learn, CNN, Random Forest, Data Preprocessing, Model Deployment

Tools & Cloud: Git/GitHub, VS Code, Jupyter Notebook

Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Software Development Life Cycle

PROJECTS

1. Diabetic Retinopathy Detection (Python, TensorFlow, Flask)

- Achieved 92% accuracy by developing a CNN model for classifying retinal image severity.
- Deployed as a Flask web app enabling real-time image predictions.
- Applied data augmentation and preprocessing to enhance model performance.
- Built a frontend using HTML/CSS integrated with Flask backend.

2. Stress Detection AI

- Built a deep learning model to detect human stress levels in real time
- Implemented data preprocessing, model training, and prediction pipeline
- Strengthened expertise in AI model development and deployment using Python

INTERNSHIP

1. AI/ML Intern | ADVI Group (Remote) | (Nov 2024 – Feb 2025)

- Built and evaluated ML models including Random Forest Regressor (RMSE: 1.2) for vehicle speed prediction.
- Automated data preprocessing with Pandas/NumPy, reducing cleanup time by 25%.
- Applied supervised and unsupervised learning (Decision Trees, Random Forests, Clustering).
- Worked with TensorFlow, PyTorch, Scikit-learn, and CNNs for deep learning tasks.

2. Full Stack Developer Intern | Adversity Solutions(Online) | (Dec 2025 – Mar 2026)

- Developed real-world web applications using modern technologies.
- Led the frontend team and managed UI development.
- Built responsive interfaces and ensured smooth API integration.

EDUCATION

Master of Computer Applications (MCA) | RNS Institute of Technology | CGPA: **9.39** | **2025-2027**

Bachelor of Computer Applications (BCA) | KLE Society's Degree College | CGPA: **8.4** | **2022-2025**

INTERESTS

Full Stack Web Development, Artificial Intelligence & Machine Learning, Cloud Technologies.
